1/
As annointed one, id like to remind you anons that A) Jesus Christ is king of the current world and prophets rule over fraudulent kike forces of a gdi vs the brotherhood of God. The illegitimate attempts at falseflaging a ww3 wargame simulation in this matrix are false star wars hopes for lunatic occultists.
B) when the war to end all war does come with the storm and fall of man this woptober remember this. The righteous outlive the wicked dirty ol bastards of the boomer hippie gen x pedo pagan aylmao black hole sun cult that sodomized altar boys for scripted entertainment. What what im butters butt indeed! No genius.com needed to understand that slim shady skit that buttfucked the game by ghostwritten rock opera where grunge dwfiled the metal and birthed your 666 radio royalties beast of the SEA. Double t Big Luciferian label republic under GOD. Who will survive in america? Those who obey the LORD rather than lawless idols.
C) finally pol anons, I want you to realize that the war will not feature russian care packages or chinese zerg hordes. The collapse of food supply will cause desolation among a world trade pyramid scheme. There is no mr robot army abroad. Its domestic and underground movements of hip hops railroad back to egyptian bondage and slavery to pharoah yeezus kangs in the inner urban jungles. If a clocktower or church steeple is not the tallest building in your community, you are probably doomed to die a martyr or a guilty party to their souled out illuminatro based of meme economies to scale of fiat fantasy in a digital world run by cryptokike babylonian capitalists like bezos and gates who enslave the world to a globalists agenda hellbent on creating a service economy of serfs and lords at the skyscraper castles of glass in this shadow of a day to come when the fallen kings become tyrants of currency and the satanic weavers needle is cut off from the living. Kill the thugs, castrate the pedos for prison labor camps.

Read proverbs 11 pol frens.

Even if you dont believe in God or Trump. Witness how verse 13 references cohens betrayal of the LORDs law and the man made campaign finance law.

Witness how the handshake rejection with bibi in that infamous gif from a few months backs meeting foreshadows verse 15. Then remember it was london bankster crypto kike masons of the fraternal institutional education societies of affluent bourgeois that staged world wars and holohoax along with cold war apollo and the apocalypse to come when the total fiat collapse reduces wealth to corroded metal and wisdom to an ecclesiastical perspective after the cgi ayylmao abominations aare cast down in disgrace like pedo gunn and pervert cartoonist "jokes" about eating babies, sodomizing altar boys, and othwr very real luciferian ritual used to initiate the 666 actors or else cause an untimely suicide by assassins of the dark black hole sun cult that has been built on airwaves in a castle of glass towers like a fortress of solitude forged by the wizard pact of faithless pagans in coastal cities.

Dibs on this bastard who conspired wih the luciferian sodomy ritual of my youth. I want a ten ft barbed wire pole shoved up this fags ass till it comes out his lying satanic silvertongued 666 branded head after he has been captured and castrated. 27 years of stolen innocence since my birth in their nirvana juno revelation project where grunge defiled the metal.

You know its true, even if it sounds too crazy and "schizo". Your synagogue of demagogues did this. My reality is the hell of the modern age and by word of mouth alone I will cast this demonic spirit back into the hell fire of a bottomless black hole sun cult and disgrace his name for all generations to come. Because im the anointed one and trump shall obey my command since juveniles have taken over the nation. Prophets rule over fraudulent forces. So rise up like matt maher. Sieze the day and kill the night men of an obamanation era in babylon america. Fun is over. Now its m.a.d time. Abcs for gen yyz. Illuminatro nearing its prophetic august end where all burn red like the native remnant from last anno Domini cycle. Our God of the founders is the LORD over the chosen slave race of niggerd and the death to all imposter kikes and the pedo pagan ayylmao idolatrous generation of punk fags responsible for this rape ritual played out by fallen angels on distorted airwaves.
